

HORSESHOE SHIMS

PLASTIC

ALLFASTENERS' Horseshoe Shims are made from solid polypropylene. This gives them an extremely high compression strength, making them suitable for both the lightest and most heavy duty applications.

- Color coded for easy identification of thickness.
- They will never corrode, rust, rot, shrink or expand and are guaranteed to outlast wherever they're installed.
- Our range of Horseshoe Shims will suit 99% of jobs but can be easily cut, drilled and otherwise shaped if necessary.

Ideal for window and door frame leveling, floor joist, wall and ceiling batten and cabinetry shimming. Each shim is manufactured to the highest national standards and comes with a range of benefits.

KEY FEATURES

- Color Coded for Easy Identifications of thickness
- Suitable for window and door leveling and shimming, floor joist, wall and insulation board shimming, cabinet shimming

PERFORMANCE DATA

COMPRESSIVE STRENGTH, PSI AND LOAD VS DEFLECTION, INCHES OF PLASTIC SHIMS
